

Preliminary call for posters

First International Summer School on Cognitive Wireless Communications

COST Action IC0902 and Network of Excellence ACROPOLIS joint 2011 Summer School

July 12–15, 2011 – Villa Finaly, Florence, Italy

We invite participants to submit a poster to the First International Summer School on Cognitive Wireless Communications. The School aims at presenting the latest breakthroughs on cognitive wireless communications for both academic and industry professionals (students, post-doc, faculty and researchers). The topics of interest for poster submission match that of the School and include the following areas:

- cognitive communications
- cognitive radio and networks
- applications in the design of modern wireless communication systems

Posters Session Chair

Natalia Miliou, University of Athens, GR

Important Deadlines and submission procedure

Indication of Interest to Submit Poster: part of the school registration process, by **June 1st**

Deadline for Poster Submission: **June 15th**

Webpage: <http://newyork.ing.uniroma1.it/IC0902/SummerSchool2011>

The procedure to submit a poster will be detailed on the website of the school.

Additional information

Submitted posters must be camera-ready and followed by an abstract. The posters will be available throughout the School's duration. There will be a poster session (as detailed in the school's website) where representatives for posters are available for discussion. Each poster must have a heading of size 84 pt or greater. Name and affiliation noted in size 72 pt. Headings and subheadings at least 36 pt. Other lettering between 18 and 24 pt, and double or 1.5 spacing between lines. Font must be simple, e.g. Times, Arial or Helvetica. Larger font size, bold or underline can be used for emphasis.
